

Global Manufacturer of Metalworking Fluids, Industrial Lubricants & Cleaners

# ArrowCut

## Cutting Oil Products

Visit [www.chemarrow.com](http://www.chemarrow.com) to learn more about our full line of metalworking fluids & to read case studies from actual customers.

Chem Arrow's 38 years of formulating and manufacturing experience has enabled us to develop a comprehensive line of quality cutting oils. Chem Arrow's ArrowCut line offers products suited to meet a wide range of applications and alloys.

Our world class offering of cutting oil products includes fluids developed for stamping, drawing, machining and broaching. Formulated with the latest technology available, Chem Arrow's elite line of fluids will increase productivity and lower your overall operating costs.

Excellent tool life

Wide variety of applications

Multi-metal capabilities

Superior finishes

EP & anti-weld properties

AQMD super compliant/  
compliant

# ArrowCut Cutting Oil Products

PRODUCT NAME	DESCRIPTION	General Machining		Deep Hole Drilling		Broaching		Honing		Grinding		Stamping		Drawing		Threading		EDM		Missing		Contains Chlorine	Contains Sulfur	Eco Friendly
		LD	HD	LD	HD	LD	HD	LD	HD	LD	HD	LD	HD	LD	HD	LD	HD	LD	HD					
ArrowCut 5	Light duty cutting oil with multiple extreme pressure additives. Can be run on a variety of machining operations. <b>AQMD compliant.</b>	✓		✓						✓						✓					✓		✓	
ArrowCut 27-P	Light/medium duty machining oil compatible with most alloys. Uniquely formulated to be compatible with most machine oils. Can be used on copper & brass. <b>AQMD super compliant.</b>	✓		✓						✓							✓							
ArrowCut 28-M	Medium duty straight oil. Contains a variety of extreme pressure additives. Allows rapid heat dispersion & anti-welding characteristics. <b>AQMD compliant.</b>	✓		✓					✓								✓							✓
ArrowCut 80-B	Light duty mineral oil developed with enhanced wetting properties to improve film strength. Metals include aluminum, copper, brass & certain light gauge ferrous metals. <b>AQMD compliant.</b>	✓		✓					✓						✓									
ArrowCut 137	Heavy duty, petroleum based honing oil. Can be run on a variety of alloys.								✓															
ArrowCut 139-XLSR	Heavy duty cutting oil. Designed for severe operations. Formulated with extreme pressure additives. <b>AQMD super compliant.</b>	✓		✓						✓					✓									✓
ArrowCut 7999	Heavy duty honing oil. Can be run on a variety of alloys. No odor. <b>AQMD super compliant.</b>								✓															
ArrowCut 20751	Multi-purpose cutting oil. Compatible with most machine tool lubricants & hydraulic oils. <b>AQMD super compliant.</b>	✓		✓						✓														✓
ArrowCut 35024	Heavy duty. Developed specifically for tapping, reaming & threading operations on ferrous metals. <b>Environmentally friendly. AQMD super compliant.</b>	✓		✓						✓					✓									✓
ArrowCut 35025	Designed as a general purpose metalworking lubricant for ferrous & non-ferrous metals. Effective on carbon steel, stainless steel, titanium exotic metals. <b>Environmentally friendly. AQMD super compliant.</b>	✓		✓					✓						✓									✓
ArrowEDM 20807	Developed for use as an electrical discharge machining fluid. Increases electrode life, speeds up production and improves quality of surface finishes. See ArrowSpecialty brochure for more information. <b>Exempt from AQMD Rule 1144.</b>																							✓
